General Guidelines

Some of the interpretations given in the 'chapter highlights' section may appear in two chapters because these particular interpretations are appropriate for both chapters. It does not denote greater strength of this interpretation. If you find the same theme showing up repeatedly in the interpretations, then this factor is particularly strong. Interpretations given in the 'Chapter Highlights' section of each chapter are ordered with the strongest influences first. If two interpretations sound contradictory, then this simply means that you express opposite qualities at different times and in different situations.

Remember also that astrology is not fatalistic; astrology is a key to understanding the cosmic energies that influence your decisions, and it provides a map of the best path to follow.

Chapter I. Your General Nature

Approach, Attitude

Your somewhat formidable demeanor may hide a sensitive heart of gold, but others may not find that out unless you make the effort to let them know. That done, trustworthiness and reliability are your strengths and you will engender instant respect.

Ascendant in Capricorn

Key Quality

You are very protective of yourself and of others close to you, making you a staunch friend. You need to balance your own need for closeness with your partner's need for freedom, or your love can become restricting and cause hurt to yourself and others.

Sun in Cancer

Key Activity

You find you do your best and most satisfying work when you have a personal partner to work with, whether for business or for pleasure. What you may miss, the other fills in, adding a greater sense of fulfilment for you both -- you need an alter-ego.

Sun in Seventh House

Chapter Highlights

You have a natural ability to psyche out personal situations, if you're willing to relax and lean on it. Thus, others will feel they can rely on you because they feel you know what is going on and share their goals and directions, forming a bond of trust.

Sun Trine Neptune Orb: 00°14'

You have a nice easy, broad sense of personal pacing that allows you to cover a lot of ground without appearing to, with large, relaxed sweeps. You will be able to gently open up more introverted types and broaden their world, open their hearts.

Sun Trine Jupiter Orb: 02°06'

You have a natural self-confidence that allows you to work well in emergency or stress situations, as you just know you will pull through in the end -- which is three-quarters of getting there to begin with. The angels do; on occasion, save it.

Sun Sextile Pluto Orb: 02°35'

Chapter II. Inner Responsiveness

Key Quality

You tend to take things very much to heart and then not let others know just how strongly you feel. This serves as a social protection at one level, but at another makes real communication more difficult until you let it flow freely from your end.

Moon in Cancer

Key Activity

You will find you rely heavily on response from a partner to be sure of what your own really is. Sometimes it will be easy to confuse another's opinions with your own feelings, but that can also be an extraordinary joy if the relationship is right.

Moon in Seventh House

Chapter Highlights

A nice balance of feeling and action allow you to make your moves well-timed and with appropriate strength. You can also help a partner improve timing by leading the dance in a receptive but directive fashion. Pick it up, turn it around easily.

Moon Sextile Mars Orb: 03°00'

Gauge your reactions carefully in regard to what others may say about them later, as they are subject to spontaneous misinterpretation which can catch up to you later. Honesty is the best policy, but better even than that is proof and clarity.

Moon Square Midheaven Orb: 03°40'

You have a nice, easy feeling of just how far to react with a person that will give you both maximum benefit without going over anyone's interdicted borders or invading space. Instead you tend to open others' space by showing how open you can be.

Moon Trine Jupiter Orb: 09°56'

Chapter III. Mentality

Key Quality

You have a very flexible mind and imagination and are willing to try out anything once to see if it pleases, though once tried you may get bored and want to move on to something else. Just remember that mental and physical experimentation may differ.

Mercury in Gemini

Key Activity

Your abilities to organize and dispose of details can be a great boon to a partner and save you both time. Just get in there and dispose of it all without a word and you'll both have time for more exciting things to do without looking back.

Mercury in Sixth House

Chapter Highlights

A clear but nondemanding sense of what you like and how to obtain it allows you to be unobtrusively tasteful and design the kind of relationship you want without remaking your partner or his/her tastes. You uncover rather than reshape to suit.

Mercury Sextile Venus Orb: 00°32'

An overabundance of words tends to cloud communication rather than clarify, so strive to be more succinct where possible. Ex pensive ideas need to be cut down to size if they are to be implemented on a one-to-one basis with another. Keep it simple.

Mercury Square Jupiter Orb: 06°21'

To the extent that you speak well of yourself, others will, too. You have a gift for self-promotion that is fairly effortless so you probably do best when you don't think about it too hard. A few words in the right places work for you doubletime.

Mercury Trine Midheaven Orb: 07°15'

Chapter IV. Inner Needs - Desires - Sexuality

Key Quality

Your greatest satisfaction is when a good time has been had by all. Robust tastes and an indomitable willingness to play make you a fun, but sometimes exhausting partner to those less energetic and outgoing in desires. Wait for them to catch up!

Venus in Leo

Key Activity

Your desires are on the intense but rather hidden side, one of which feeds the other as real expression of the intensity you feel is hard to come by and therefore builds upon itself. Total immersion in a relationship where self can be lost is ideal.

Venus in Eighth House

Chapter Highlights

A clear but nondemanding sense of what you like and how to obtain it allows you to be unobtrusively tasteful and design the kind of relationship you want without remaking your partner or his/her tastes. You uncover rather than reshape to suit.

Mercury Sextile Venus Orb: 00°32'

Sexual desire and opportunity tend not to come at the same time and you are best off developing a single relationship than pursuing fantasies abroad which are unlikely to come true. Getting to know you and your partner's needs in depth is a must.

Venus Square Mars Orb: 07°07'

It may often be difficult to tell what it is you really want in an experience and thus be disappointed when you don't get it. It will be important to define your needs ahead of time, so you don't get embroiled in pointless efforts that tire the heart.

Venus Square Neptune Orb: 07°41'

Chapter V Energy - Drive - Activity

Key Quality

You are a steady lover with plenty of follow-through, not easily worn out as some are. You may wear your partner out for this same reason, so be ready to back off when enough is enough. In general your style of approach is patient and winning withal.

Mars in Taurus

Key Activity

Your active approach is zestful and playful, spontaneous and full of life. This may or may not reflect your innermost feelings, which may be more thoughtful and serious, but your style of implementation is outgoing and fun and engaging to others.

Mars in Fifth House

Chapter Highlights

Energy flow may be quite difficult to control, coming in fits and starts, bursts and salvos. Overcompensation may lead you to extreme precision as a result, but it will be mind over matter, the care of a watchmaker tuning the fine movement of the soul.

Mars Square Uranus Orb: 02°16'

A nice balance of feeling and action allow you to make your moves well-timed and with appropriate strength. You can also help a partner improve timing by leading the dance in a receptive but directive fashion. Pick it up, turn it around easily.

Moon Sextile Mars Orb: 03°00'

Sexual desire and opportunity tend not to come at the same time and you are best off developing a single relationship than pursuing fantasies abroad which are unlikely to come true. Getting to know you and your partner's needs in depth is a must.

Venus Square Mars Orb: 07°07'

Chapter VI. Expansiveness - Growth - Success

Key Quality

Your best form of social development with all will be on the intuitive and spiritual side, rather than the physical. The physical has its place, very much so, but what you will consider real achievement will be in non-physical levels of relating.

Jupiter in Pisces

Key Activity

You will tend to lavish goods on others as a mode of affection and getting to know them. Money is to be spent for enjoyment not to hoard in a bank. You can afford that philosophy as more usually turns up for you, where others go broke & stay that way.

Jupiter in Second House

Chapter Highlights

A good sense of how to implement your ideals at a practical pace allows you to be a leader without being tripped up by your own fantasies. Strong imagination that doesn't float away with itself lets you pull others along in your dream-weavings.

Jupiter Trine Neptune Orb: 01°52'

You have a nice easy, broad sense of personal pacing that allows you to cover a lot of ground without appearing to, with large, relaxed sweeps. You will be able to gently open up more introverted types and broaden their world, open their hearts.

Sun Trine Jupiter Orb: 02°06'

The success of your outward endeavors will be alternately very important to you or totally irrelevant and subsidiary to your own inner goals. A balance is best struck so that neither your personal nor business goals become submerged by the other.

Jupiter Opposite Pluto Orb: 04°41'

An overabundance of words tends to cloud communication rather than clarify, so strive to be more succinct where possible. Expansive ideas need to be cut down to size if they are to be implemented on a one-to-one basis with another. Keep it simple.

Mercury Square Jupiter Orb: 06°21'

You have a nice, easy feeling of just how far to react with a person that will give you both maximum benefit without going over anyone's interdicted borders or invading space. Instead you tend to open others' space by showing how open you can be.

Moon Trine Jupiter Orb: 09°56'

Chapter VII. Seriousness - Concentration - Limitations**Key Quality**

You lean toward the belief in the uniqueness of each relationship and don't apply generalities to your personal life. Each involvement is unique unto itself, and you'd rather not spread it out as if it were just a reflection of a general principle.

Saturn in Aquarius

Key Activity

Your somewhat sparse, thorough-going nature allows you to penetrate to the heart of a matter routinely, but may also put off those less talented. A light word or two mixed in will allow you maximum impact without seeming over-serious or dominating.

Saturn in First House

Chapter Highlights

It may be very hard to ascertain the reality of your beliefs at times, and a partner who will encourage your dreams and be supportive of your inner quest when confidence fails will be priceless. The cure for disappointment will be patience, quietude.

Saturn Square Neptune Orb: 00°46'

Chapter VIII. Originality - Spontaneity - Independence**Key Quality**

When you psyche out a person or a situation, you are likely to think you've got the whole story, which may or may not be the case. Use your insight as a tool and not something to lean upon exclusively without further input from outer sources.

Uranus in Leo

Key Activity

Your most important, innermost revelations come from deep within you where you have the hardest time putting a finger on them. It is like voices speaking from long ago (and it is), and you will do well to find others with similar calls, seekers of new/old.

Uranus in Eighth House

Chapter Highlights

Unexpected happenings or sudden changes in fortune tend to make others speak well of you, although why may be a mystery. When things fall, they seem to fall your way, at least when others hear about it, though reality inside may seem to contradict.

Uranus Sextile Midheaven Orb: 01°36'

Energy flow may be quite difficult to control, coming in fits and starts, bursts and salvos. Overcompensation may lead you to extreme precision as a result, but it will be mind over matter, the care of a watchmaker tuning the fine movement of the soul.

Mars Square Uranus Orb: 02°16'

Your natural body language can be extremely helpful in communicating the essence of what you have to say. If you can't always say exactly what you are trying to get across, then simply show it with a gesture, a smile, or a revelatory glance that tells.

Uranus Trine Ascendant Orb: 02°34'

Chapter IX. Imagination - Ideals - Spirituality

Key Quality

That which is most difficult or dangerous to attain you tend to make your heart's goal. This can bring you to the inner depths of revelation or put you on the rocks. Remembering that the very greatest mysteries of life & love are right before you helps.

Neptune in Scorpio

Key Activity

You may find that the outside world's perception of you is quite different than what is going on within, so your professional life may turn out to be your own efforts at perpetuating others' fantasies about you. Conscious manipulation of goals is a must

Neptune in Tenth House

Chapter Highlights

You have a natural ability to psyche out personal situations, if you're willing to relax and lean on it. Thus, others will feel they can rely on you because they feel you know what is going on and share their goals and directions, forming a bond of trust.

Sun Trine Neptune Orb: 00°14'

Saturn Square Neptune Orb: 00°46'

Jupiter Trine Neptune Orb: 01°52'

Inner beliefs and convictions will go hand in hand with fantasies, allowing clear and forceful expression of inner needs even when it does not seem likely or even possible. Faith and trust will not break, but overrun all barriers that arise.

Neptune Sextile Pluto Orb: 02°49'

It may often be difficult to tell what it is you really want in an experience and thus be disappointed when you don't get it. It will be important to define your needs ahead of time, so you don't get embroiled in pointless efforts that tire the heart.

Venus Square Neptune Orb: 07°41'

Chapter X. Compulsiveness - Fate - Mission

Key Quality

The dominant belief of your generation, which you share to an extent, is that if you do it just right, you'll get what you want. A lot was done, but much was wanting in the end, because of your illusion of control. You do what you can, that's all.

Pluto in Virgo

Key Activity

You have a strong inner feeling that the greatest powers lie deep within you and that nothing should be stunted in locating them and developing them. A partner of like devotion will be invaluable in this area where it is all too easy to get lost.

Pluto in Eighth House

Chapter Highlights

You have a natural self-confidence that allows you to work well in emergency or stress situations, as you just know you will pull through in the end -- which is three-quarters of getting there to begin with. The angels do; on occasion, save it.

Jupiter Opposite Pluto Orb: 04°41'

Strength without pushiness, forcefulness with ease allow you to thoroughly define and defend your space without impinging on others' territories. Use it to defend others where they are vulnerable as well as being a shield for your own interests.
